The Capstone Oral Examination serves as an integrative assessment of the student's mastery of the knowledge and skills acquired through their Program of Study (POS). It is conducted by the student's Advisory Committee, and evaluates the student's ability to synthesize and articulate concepts from multiple AI subfields represented in their coursework.

The below section must be filled in by the Major Professor. Categorize the questions and their outcomes asked during the exam (at least two questions should be from Core courses). Use comments field to enter details about more questions (if needed).
